UK National Poisons  
Information Service

## [www.toxbase.org](http://www.toxbase.org) Clinical toxicology database

An internationally  
recognised source of  
expert advice

**TOXBASE provides advice  
on the features and management  
of poisoning with over 21,000  
products and substances.**

TOXBASE online is free to UK NHS departments and practices, and also to UK military healthcare units, and Emergency Departments and Public Health Units within Ireland.

TOXBASE online is also available by annual subscription to overseas healthcare units and poisons information centres.

**To register your unit for TOXBASE online, or to get a quotation please go to [www.toxbase.org](http://www.toxbase.org)**

*“A very dependable  
source of info”*

*“Consistently excellent and  
invaluable in clinical practice”*

*“Brilliant resource -  
easy to access and use”*

Additionally, the TOXBASE app for iOS and Android is available for download via the Apple and Play app stores. The full version of the TOXBASE app is free to individuals who register using their NHS/UKHSA/MOD domain email. A version containing a selection of around 1,000 of the top entries is available to others by annual subscription (£6.99 or equivalent).

**NPIS**

TOXBASE is hosted by NPIS Edinburgh, Royal Infirmary of Edinburgh, Edinburgh, EH16 4SA. To contact TOXBASE admin:
